

Nama : Febrianti Paputungan

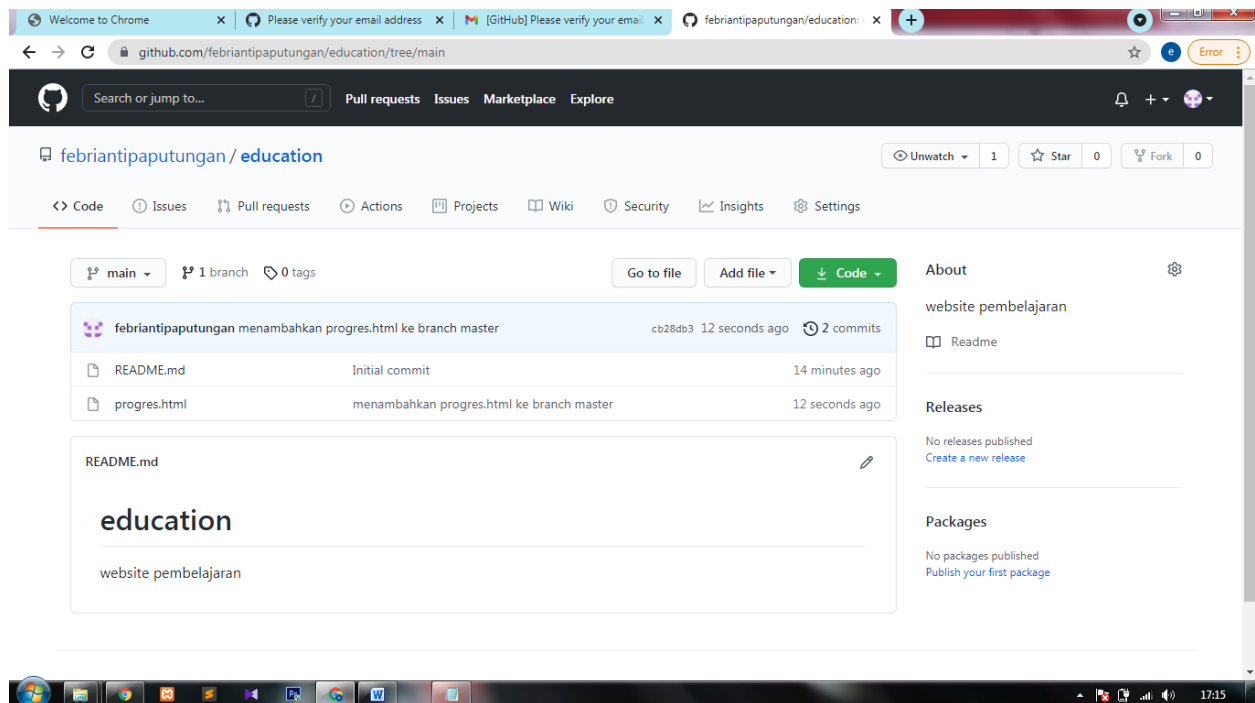

Nim : 531419004

Kelas : SI – A

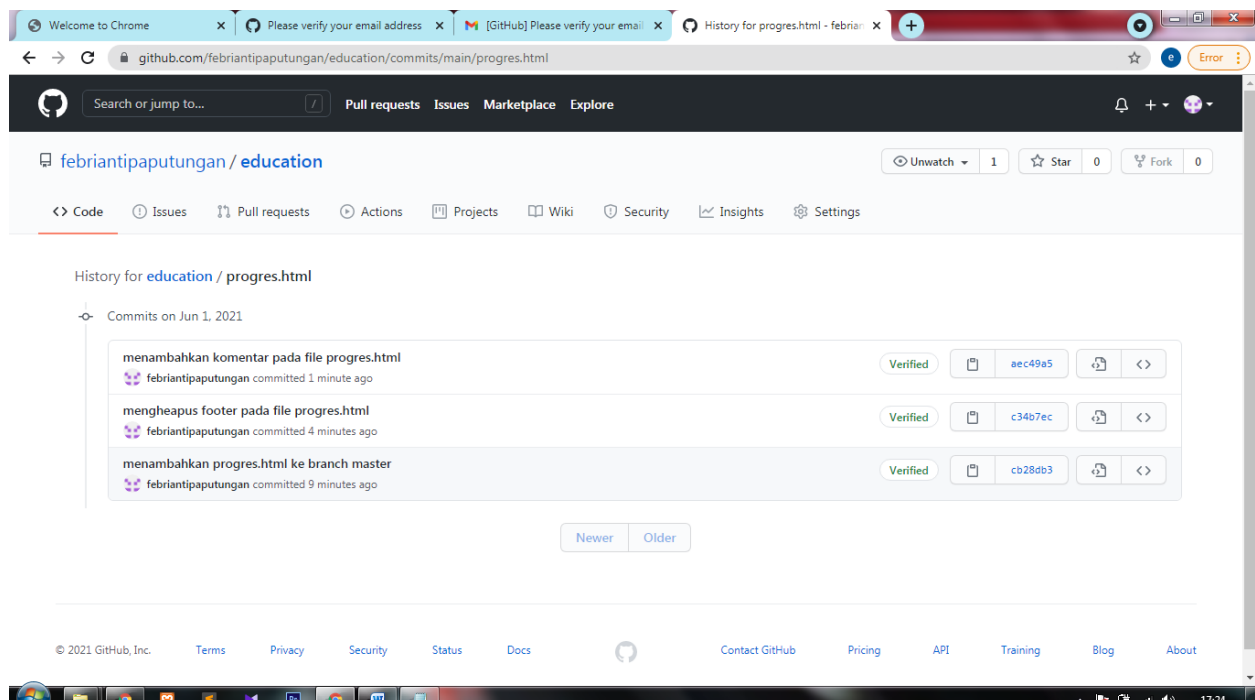

Pertama membuat repositor baru dengan nama education

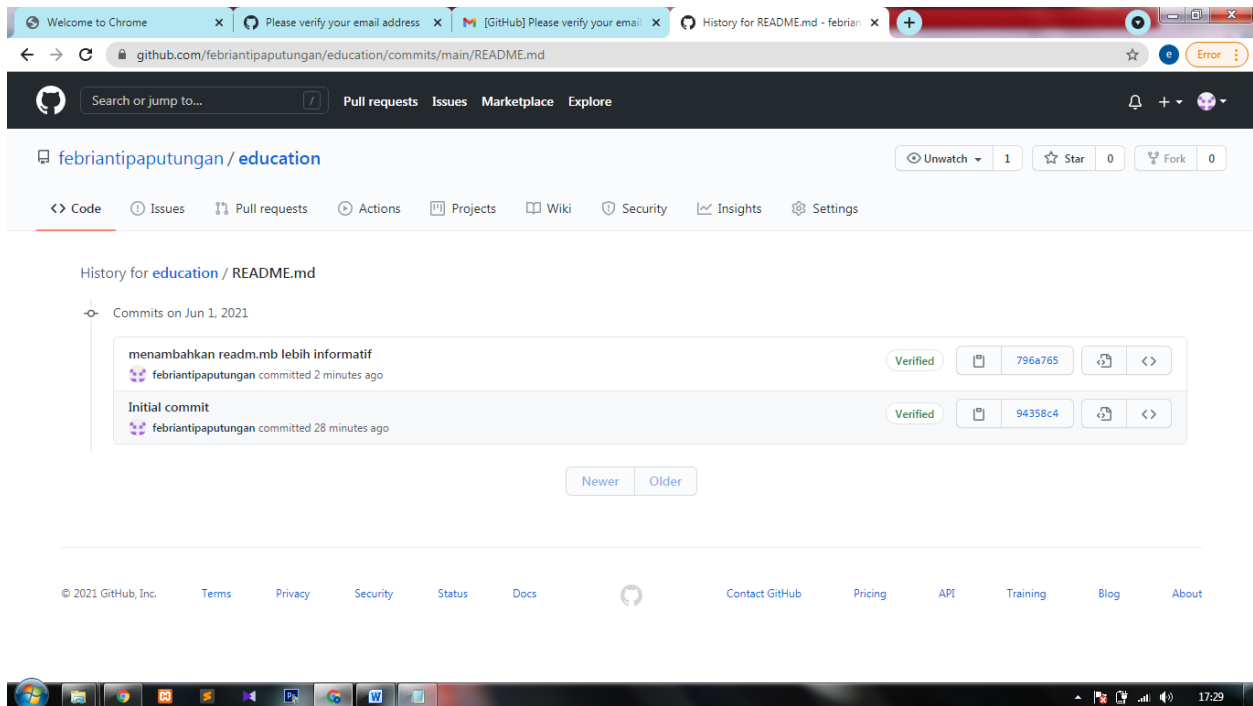

Membuat file baru dengan nama `progres.html` di brach main.

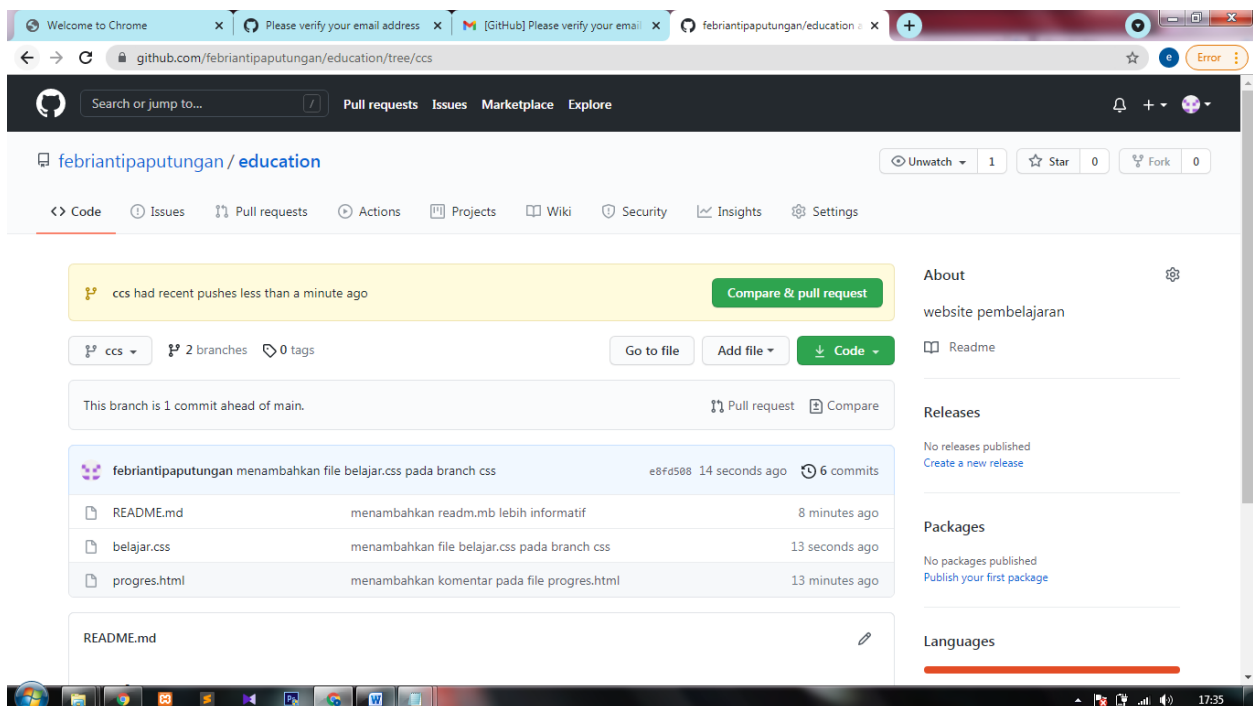

Tampilan history `progres.html` setelah di lakukan beberapa perubahan pada file.

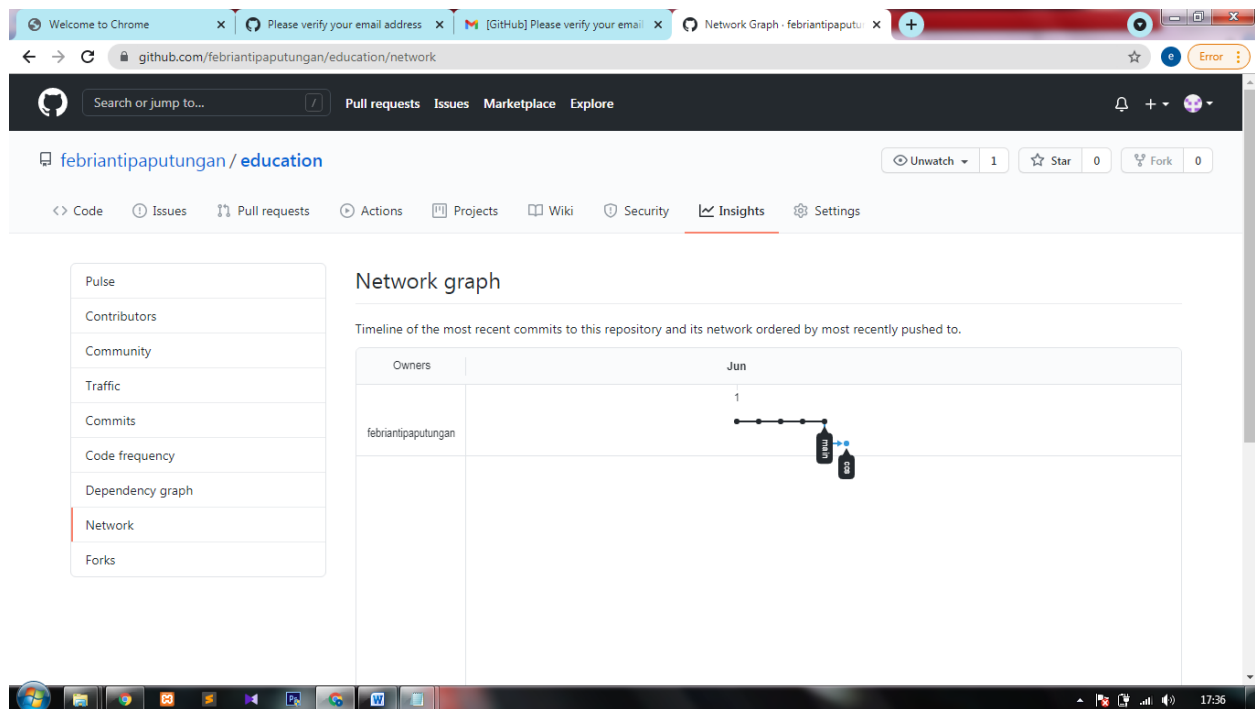

Mengubah readme.md menjadi lebih informatif

Membuat branch baru dengan nama css , kemudian menambahkan file baru belajar.css

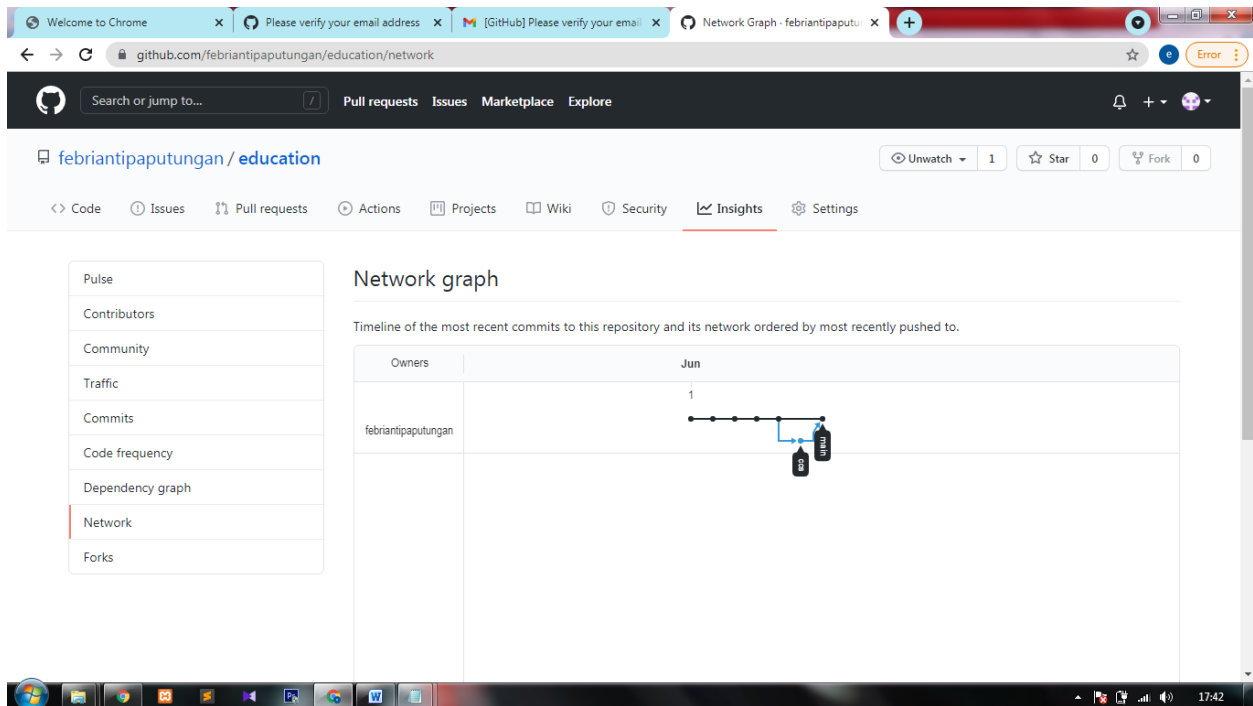

Tampilan network setelah penambahan branch css dan file belajar.css .

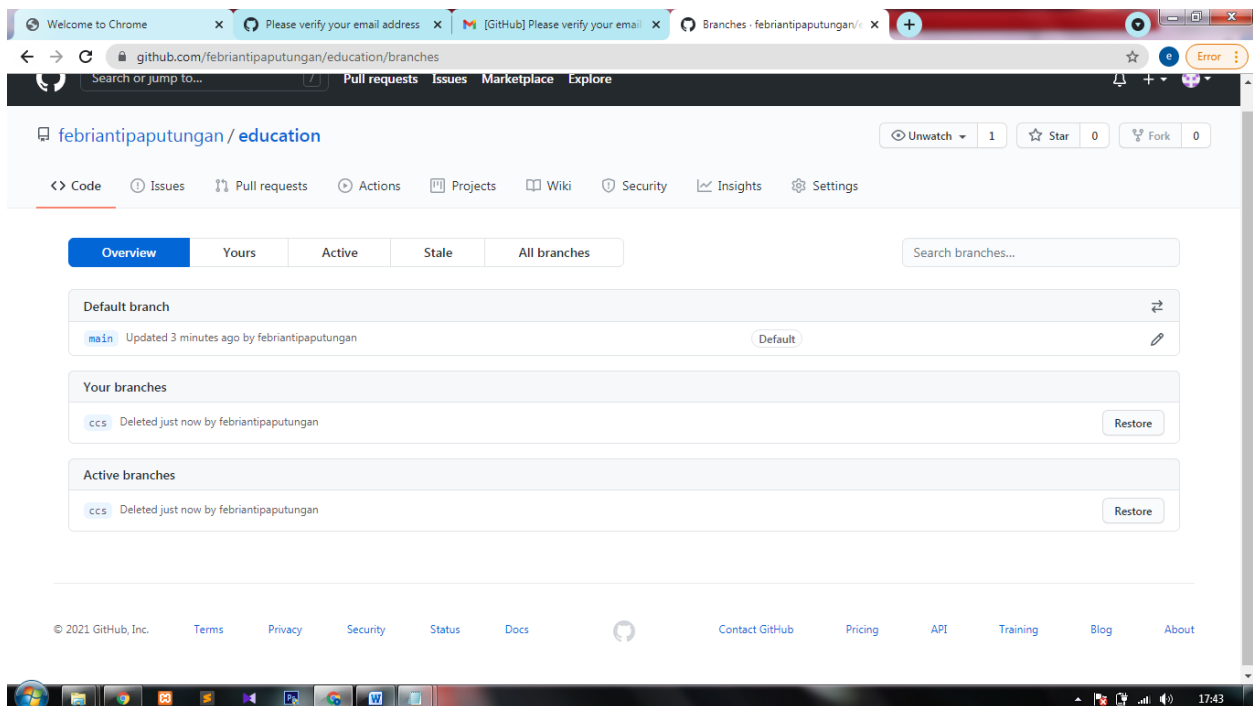

Melakukan merge belajar.css ke dalam branc main.

The screenshot shows the GitHub Pull request page for the pull request titled "menambahkan file belajar.css pada branch css #1". The pull request is merged and closed. The main area displays the pull request details, including the commit history and the merge status. The commit history shows a commit on the 'css' branch, which was merged into the 'main' branch. The merge status shows that the pull request was successfully merged and closed. The right sidebar contains a list of settings for the pull request, including Reviewers, Assignees, Labels, Projects, Milestone, and a "Delete branch" button.

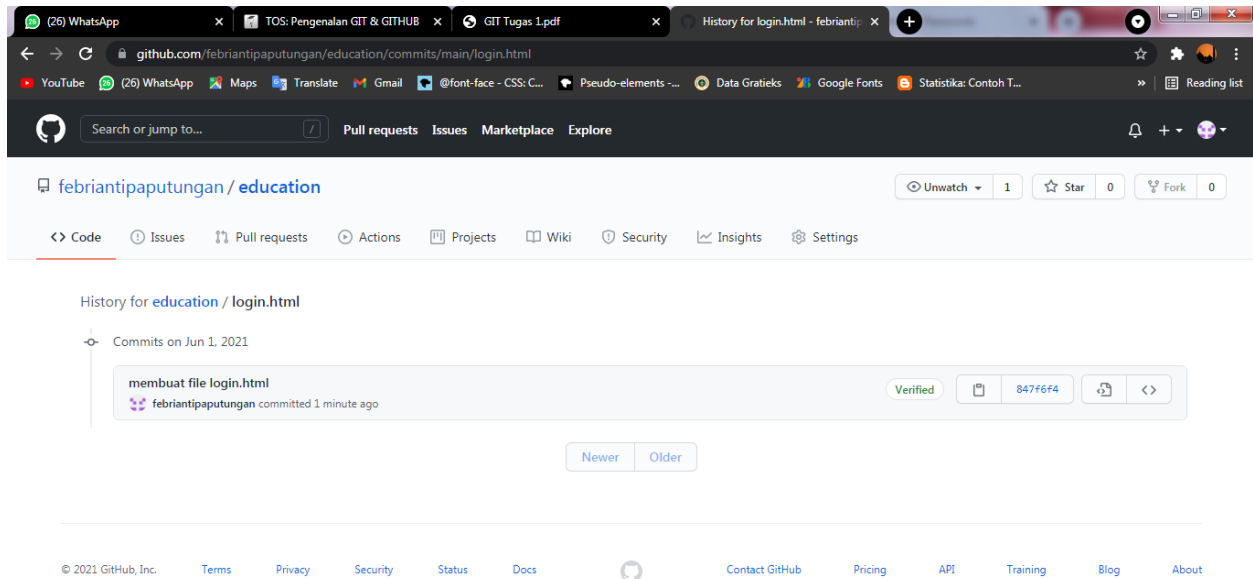

Tampilan network setelah melakukan merge belajar.css dari branch css ke dalam branch master

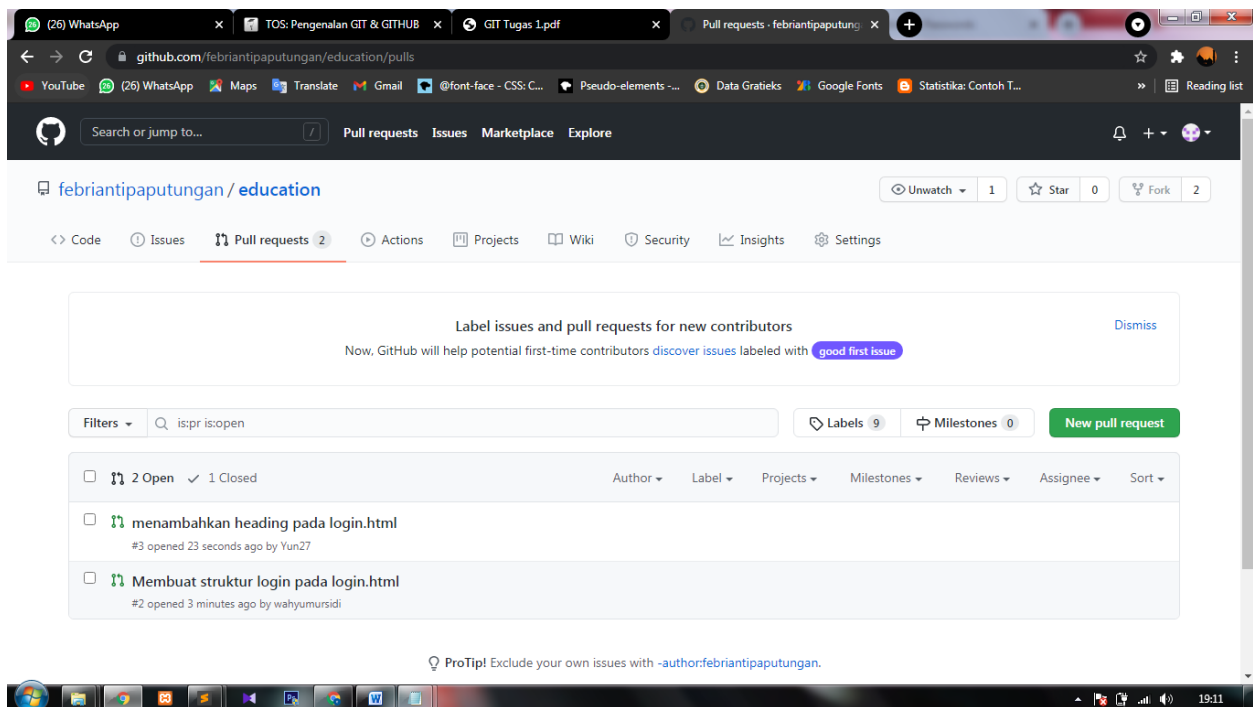

Menghapus branch setelah merge.

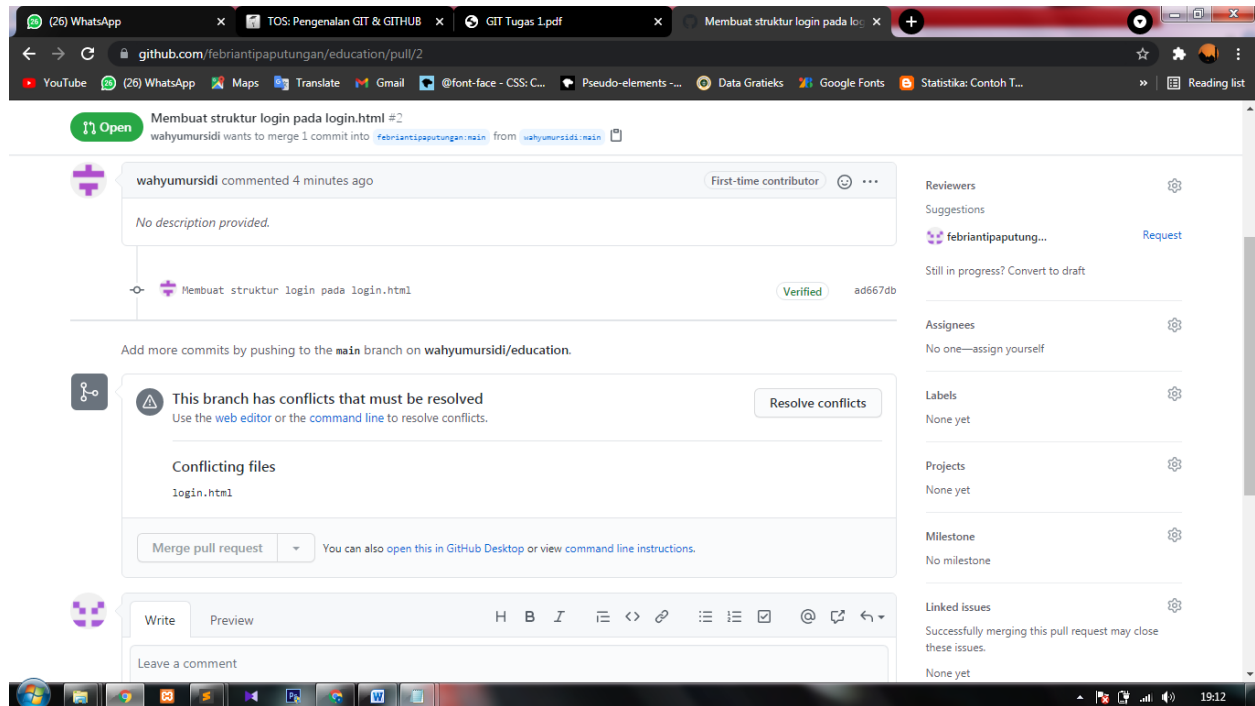

Membuat file login.html di branch main.

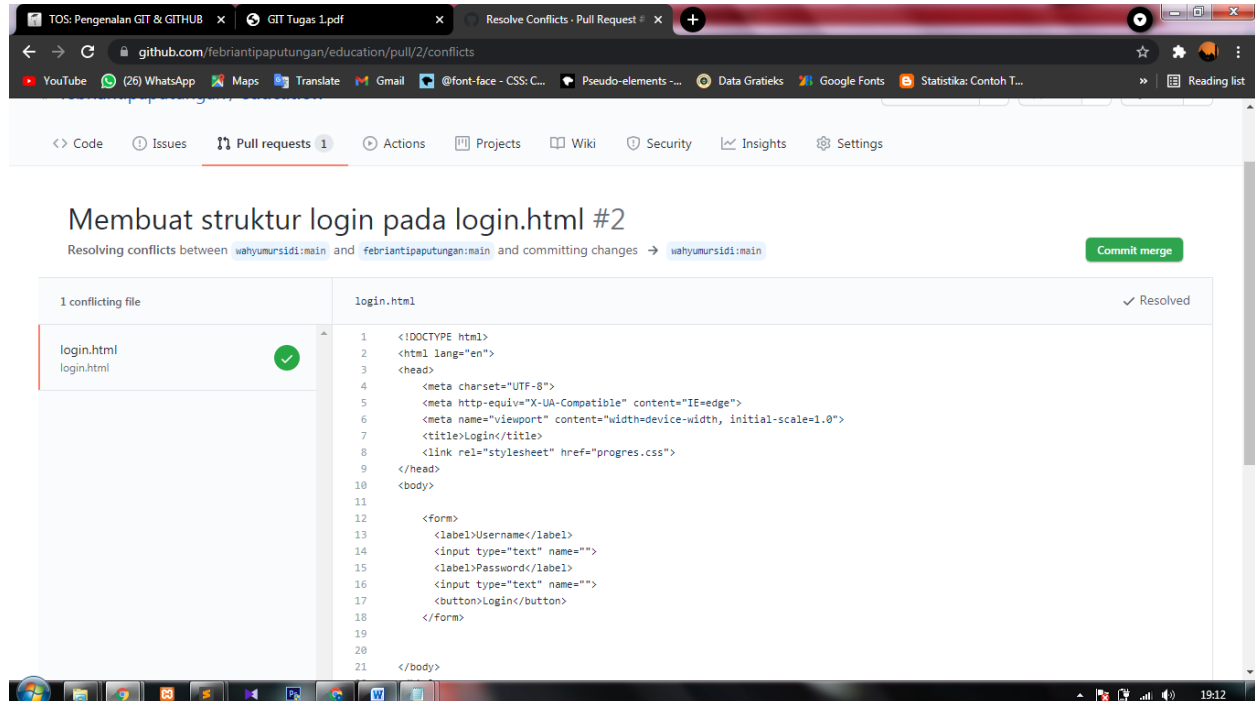

Memberikan link repository dan meminta 2 orang teman untuk mengubah file login.html, setelah melakukan perubahan, teman di minta untuk melakukan permintaan pull request.

Ketika Menerima permintaan pull request yang kedua terjadi konflik.

Menangani konflik dengan cara resolved. Setelah itu baru bisa di merge.

Pull request bisa di terima dan berhasil di merge ke branch master.

The screenshot shows a GitHub pull request interface. At the top, the title is "membuat struktur login pada login.html #2". Below the title, it says "Merged" and "febriantipaputungan... merged 2 commits into febriantipaputungan:main from wahyumursidi:main 13 seconds ago". The pull request details show two commits: "Membuat struktur login pada login.html" (Verified, ad667db) and "Merge branch 'main' into main" (Verified, 5e5b621). The right sidebar shows the pull request status: "No reviews", "No one—assign yourself", "None yet" for labels, projects, milestones, and linked issues. The bottom section has a "Write" tab and a "Preview" tab, with a "Leave a comment" text area and an "Attach files by dragging & dropping, selecting or pasting them." button.

Tampilan network setelah di terima pull request dari kedua teman.

The screenshot shows the GitHub Network Graph page for the repository "febriantipaputungan / education". The page title is "Network graph". Below the title, it says "Timeline of the most recent commits to this repository and its network ordered by most recently pushed to." The graph shows a timeline of commits, with the most recent commit being "1" (Jun). The graph is divided into two sections: "Owners" and "Contributors". The "Owners" section shows the commit "1" (Jun) and the "Contributors" section shows the commit "1" (Jun). The graph shows a timeline of commits, with the most recent commit being "1" (Jun). The graph is divided into two sections: "Owners" and "Contributors". The "Owners" section shows the commit "1" (Jun) and the "Contributors" section shows the commit "1" (Jun). The graph shows a timeline of commits, with the most recent commit being "1" (Jun). The graph is divided into two sections: "Owners" and "Contributors".
